Nowadays, the implementation of a strategy needs to be planned with a data-driven approach, according to accurate informations that allow a global comprehension of the context in which it works.

In the light of this, "**The European Football Club**" report is born: a focus dedicated to the presence of Clubs, sponsor brands and main Europe players on social media, emphasising month-over-month variation, approaches and different strategies.

The aim of IQUII Sport is to make and to offer tools that support Clubs, brand and athletes in the acquisition, engagement, loyalty and monetization of their own fanbases.
